ERTZ

BRANCO

bookend

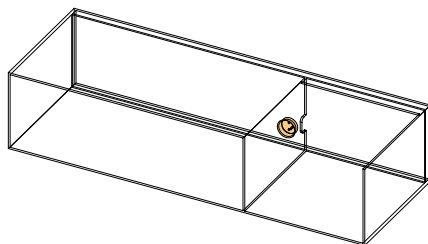

Branco is a floating bookend made of black steel. Characteristic for this powerful, timeless piece of furniture is the fine linear pattern and, thanks to the book knowledge, the possibility to stack and arrange your favourite books or magazines vertically or horizontally. Or personalise the bookend with a drawer in wood or natural stone. In this way you create a unique interior object that fits beautifully in your desk or living room.

DIMENSIONS 100 x 35 x 22 cm
